

Supplier Code of Conduct

1. Scope

Our Supplier Code of Conduct (this "Supplier Code") publicly sets out the minimum standards of conduct expected from all Suppliers wishing to do business with, or on behalf of, Consolidated Resources Suriname NV. This Supplier Code should be read in conjunction with Consolidated Resources Suriname NV's Code of Conduct, which applies to all of our employees, officers and directors, and to our partners and Suppliers when they are working with us or on our behalf.

We define 'Suppliers' as a business or individual that provides goods or services to Consolidated Resources Suriname NV under terms specified in a contract.

We seek to build mutually beneficial working relationships and partnerships with our Suppliers and will show preference for those Suppliers who are able to demonstrate alignment with the standards contained in this Supplier Code.

Suppliers shall comply with their contract terms and the Surinamese law, rules and regulations where they do business with, or on behalf of, Consolidated Resources Suriname NV. These include, but are not limited to, labor and tax laws, laws addressing bribery and corruption, and laws addressing the preservation of health, safety and the environment.

Suppliers, and all sub-contractors working on their behalf, are expected to review and fully understand the content of this Supplier Code and to comply with all provisions specified in their contracts including provisions, which relate to the content of this Supplier Code.

2. Business integrity and ethics

Consolidated Resources Suriname NV requires that Suppliers: avoid conflicts of interest, maintain confidentiality, respect Consolidated Resources Suriname NV's intellectual property rights, and keep truthful and accurate records (which may be required for auditing purposes).

Our Supplier contract provisions are consistent with the requirements of the international practices that prohibit the provision or offering of anything of value to government officials, representatives, political parties or third parties for the purpose of influencing any act or decision in violation of the recipient's lawful duty or securing or attempting to secure an improper legal or commercial advantage. They also require the operation of effective controls and the maintenance of accurate books and records.

3. Environmental management

Consolidated Resources Suriname NV seeks to avoid, minimize, mitigate, and/or remediate negative impacts on the environment and proactively manage risks. Our Supplier contracts require that Suppliers conduct activities at Consolidated Resources Suriname NV operations and sites in accordance with applicable Surinamese laws and permit standards.

4. Health & Safety

The well-being of people is Consolidated Resources Suriname NV's top priority, and the right to life and right to healthy and safe working conditions are among our most salient human rights. Our goal is zero harm – defined as a workplace free from injuries and illnesses and measured by zero fatalities. Our Supplier contracts require that Suppliers comply with all applicable Consolidated Resources Suriname NV site and workplace policies, standards and procedures related to health and safety.

5. Social Responsibility

Consolidated Resources Suriname NV seeks to obtain and maintain broad social acceptance before, during, and beyond its exploration activities. We commit to establishing and maintaining relationships based on inclusion, transparency, and integrity with all stakeholders, particularly those potentially affected by our activities. We expect the same commitment from our Suppliers.

We expect our Suppliers to assess the potential impact of their proposed work on neighboring communities, integrate mitigation measures into their work plans, and ensuring that those measures are appropriately budgeted. We also expect Suppliers to close complaints in a timely manner.
